

21st November 2022

Dear Parent/Carer,

I am writing to inform you that your child's end of term maths assessment will take place on 15th December during period 5. The assessment will be done in test conditions and will take the duration of the lesson. It is important that students are fully equipped for the assessment (pen, pencil, ruler and scientific calculator).

In order to help your son/daughter prepare for the assessment, their maths teacher will be setting revision tasks on Mymaths on relevant topics. Teachers will award house points and pinkies for completion of tasks.

Students will receive results in January and these will be communicated home via the gradecards. As we continue to review setting throughout the year, the assessment will form an important part of our decision making process. As always, you will be contacted if a decision is made about moving your child's maths set.

Please do not hesitate to contact me with any further questions,

Yours sincerely

Miss Smith
Head of Maths
