

26th May 2023

Dear Parents/Carers,

RE: Year 7 Assessments

Year 7 will be taking assessments in English, Mathematics and Science between Monday 12th and Friday 23rd June, these are to enable us to judge how they are progressing with their learning. The results of the assessments will also enable us to identify and address any areas where they may need additional support.

The assessments will take place in your son/daughter's normal classes as per the timetable below:

Subject	Lesson
English	Monday 12 th June, Lesson 3 & Tuesday 20 th June, Lesson 3
Maths	Tuesday 13 th June, Lesson 1
Science	Monday 19 th June, Lesson 1

Your son/daughter will need to bring in their usual equipment for the assessments including a working calculator for the mathematics and science assessments. Please be reassured that your child's teachers have been preparing them for the assessments and ensuring that they know what they need to revise.

Results will be reported to you on the Summer grade card and they will be shared with students as they become available.

If there are any concerns regarding the assessments, please contact your son/daughter's subject teacher in the first instance and as always, I am happy to help.

Yours sincerely,

Mr A Stanton
Deputy Headteacher
