

19th October 2022

Dear Parent/Carer,

To support your Son/Daughter with preparing for their PPEs we have uploaded specific material on your child's maths google classroom.

Results last year reflected real improvements when practice revision had been completed. The revision videos are approximately 30 minutes long and comprise of a section on retrieval practice (mixed revision), followed by taught content.

Please do not hesitate to contact me if you have any questions

Yours sincerely

Miss Smith
Head of Maths
