Dear Parents/Carers,

RE: Relationship and Sexual Education programme

As part of the Relationship and Sexual Education programme delivered through PSHCEE your child will be participating in a series of lessons on Sexual Education. These sessions will take place during normal PSHCEE lessons over a series of four lessons.

PSHCEE is taught through discrete lessons in all year groups and is monitored and reviewed regularly. All PSHCEE teaching takes place in a safe learning environment and is underpinned by our school ethos and values.

The sessions will be delivered by their current PSHCEE teacher who has delivered sessions in the past. Please be reassured that their approach to all topics are informative, professional, and relative to a young mixed audience. The resources used are approved and our staff are highly skilled.

We hope all students are able to participate in these sessions to give them the confidence, knowledge and understanding to be able to make informed decisions and keep themselves safe as they mature and develop in an ever-changing world.

A copy of our PSHCEE and RSE Policy is available on the school website:
