

The Marlborough Science Academy CAREERS EDUCATION POLICY GP 31 Responsible Governing Body Committee: Policy type: Statutory Date of Origin: March 2023 Adopted by: Author: Naomi Walker Location: Filename:

Review Due Date	Review Completed	Amendments Y/N	Version
March 2024			

Relationship to other policies

- Equality Policy
- Health and Safety Policy
- PSHCEE and RSE Policy
- Special Educational Needs Policy
- Teaching and Learning Policy

The Marlborough Science Academy aims to provide Careers Education, Information, Advice and Guidance (CEIAG) which enables our students to be ambitious, confident and successful at every stage of their education with us, and in their next steps through education, training or employment. CEIAG is accessible to students of all ages, backgrounds, and abilities.

The Marlborough Science Academy is committed to the achievement of all students and in supporting them to plan for their future. Our Careers programme also aims to challenge stereotypical thinking and helps to raise aspirations.

Aims

- To enable our students to develop their knowledge about further education, training and employment.
- To enable our students to make informed decisions about their futures.
- To ensure our students have access to guidance at key transition points in their education.
- To ensure that careers provision is accessible to all, promotes an ambitious attitude, and is monitored and evaluated for its effectiveness.
- To link curriculum learning to the world of work. This policy sets out the school's
 arrangements for managing the access of providers to students at the school for the
 purpose of giving them information about the provider's education or training offer. This
 complies with the school's legal obligations under Section 42B of the Education Act 1997
 (The Baker Clause).
- Students are entitled to access our independent careers provision through Services for Young People (SfYP) at any time from Year 7. Formal careers appointments for all students begin during Year 10.

Student Entitlement

All students in Years 7 - 13 are entitled to:

- Find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- Hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships (Baker Clause), through options events, assemblies, form time, lessons and taster events.
- Understand how to make applications for the full range of academic and technical courses.

In compliance with the updated Provider Access Legislation, students will engage in a minimum of six 'Employer Encounters.' Two encounters during Years 8 and 9, two during Years 10 and 11 and a further two during Years 12 and 13.

Implementation:

At Key Stage 3 we aim to develop the skills and confidence needed to make realistic and informed decisions about Key Stage 4 courses and develop an understanding of self in relation to future roles along with an understanding of work, training and continued education. Students are encouraged to improve self-awareness through reviewing their own interests, developing their individual character virtues, aptitude and preferred approaches to learning and preferred subjects. Students will have the opportunity to engage in work-shadowing days and will be provided with opportunities to meet industry experts.

At Key Stage 4 we aim to develop students' skills and confidence to enable them to make realistic and informed decisions about their future beyond compulsory schooling. We also aim to help them develop the skills necessary to manage the transition from Key Stage 4 into the Sixth Form or Further Education, training or employment.

We encourage students to participate in all opportunities. We also ensure they develop their research skills so they can find out the information they need to make career choices. Students are supported in understanding how to write a CV and its importance in the interview process. Students will access a number of employer engagement events, engage with higher education providers, as well as providers of technical and alternative training qualifications.

At Key Stage 5 our programme develops the skills acquired at Key Stage 4 to ensure students are fully informed about higher education and training opportunities, and the portfolios required for these. Students are encouraged to develop their understanding of independence and independent living ready for the next stage in their life both in and out of education. Links with employers, trainers and financial support continue to develop to ensure students are fully prepared for their next steps. Our CEIAG programme is embedded across the whole-school curriculum. Each faculty aims to ensure it provides opportunities to explore career pathways within their subject areas. Additionally choices, options, opportunities and pathway discussions and investigations are explored within the PSHCEE programme.

Careers Programme

Our careers programme is embedded into the curriculum and includes a variety of enrichment activities. Our programme has been designed and developed in line with the eight Gatsby Benchmarks for ensuring best practice and to meet the requirements of the Department for Education's statutory guidance 2018.

Our programme provides a range of encounters with employers, experiences of the workplace, advice sessions with an external qualified careers adviser and opportunities for self-reflection and skills development in form time, Extended Learning Days, embedded within subject areas and in extracurricular opportunities. We continue to develop our Careers Guidance and Education programme in line with the eight Gatsby Benchmarks.

Careers education, guidance and work-related learning will be planned by the Careers Coordinator and delivered in a variety of ways to include:

- Planned activities delivered during form period by Form Tutors.
- Themed assemblies including visitors from business and industry.
- Themed sessions when the whole year group will come off timetable.
- ICT and PSHCEE lessons.
- Cross Curriculum Delivery.
- Game Changer Events, Careers and Apprenticeship Fairs Focussed events for all Key Stages.
- Visits/trips e.g. Houses of Parliament, Skills London etc.
- Online Careers software Fast Tomato for all students focusing on Year 8. Unifrog accounts for all students in Key Stages 3, 4 and 5.
- Work experience for targeted students.
- Work shadowing, visits to places of work and volunteering opportunities.
- Insight into Industry conference.

Gatsby Benchmark	Evidence
Providing a stable careers	The school has developed an embedded careers programme and guidance across all phases within the school. The school will continue to ensure this is known and understood by students, parents/carers, teachers and employers.
programme	At Key Stage 3 students explore looking to the future and careers for the future. They are taught to make informed decisions and enjoy an introduction to the world of work.
	At Key Stage 4 students further develop their decision-making skills, understanding of the work place, employability skills, and their understanding of pathways and opportunities beyond Year 11.
	At Key Stage 5 preparation for the world of work and life after Marlborough continues to be developed through workshops and visiting speakers with a focus on opportunities and pathways. Support and guidance is provided to inform and support higher education, apprenticeships and employment opportunities.
2. Learning from career and labour	Career and labour market information is provided to every student and their parents/carers through PSHCEE and workshop events.
market information	Students use online platforms (e.g. Unifrog) as well as attending events with employers to gain a better understanding of the world of work.
3. Addressing the needs of each	All students have access to a SfYP personal advisor. This is formally implemented in Year 10 and above.
student	Regular tutor interviews enable consistent dialogue regarding options, choices and next steps, providing the necessary support required.
	As students approach the Key Stage 3 into 4 transition, a pathways information evening is held for students and parents/carers regarding Key Stage 4 option choices.
	For the Key Stage 4 into 5 transition we run taster days and information evenings to provide an insight into post-16 life. All students are interviewed to ensure that a suitable pathway is chosen for study at Key Stage 5, accounting for students intended destinations.
4. Linking curriculum	All teachers should link curriculum learning with future career pathways.
learning to careers	Faculty areas provide opportunities for linking subjects to potential careers. For example Business Studies explore entrepreneurial skills, along with visits to explore careers in action. English provide opportunities to work with authors, Drama hold workshops with theatre companies.
	Faculty areas have opportunities to invite subject / area specialists in to work with students and explore links between learning and future opportunities.

5. Encounters with employers and employees		Students are exposed to a variety of professionals who are employers and employees.
		Guest speakers across year groups, and speed careers networking in Year 7 also provide an opportunity to meet people from a variety of professional backgrounds.
		In Key Stage 4, Careers networking in Year 9 and pathways, days in Year 11 and sixth form also provide an opportunity to speak with employers and employees. Ke Stage 4 students also benefit from a variety of 'Aspirational Days'. Days include Dragon's Den Challenges with London Law firms in Canary Wharf and 'The Board Room' day with London Engineering firms.
		Key Stage 4 and 5 students are invited to a futures evening to hear from inspiration speakers in a variety of lines of work from apprenticeships and STEM.
		The sixth form also benefits from regular guest visitors as well as corporate organisations such as NatWest who deliver their Dream Bigger workshops that address issues such as financing etc. as well as an opportunity to meet with professionals.
of	the orkplace	Every student should have first-hand experience of the workplace through work shadowing (e.g. Year 8 work shadowing, employability week in Year 10 and work experience in Year 12).
		All Children Looked After are fully involved in the Employment Excellence programme.
wi fu: hiş	ncounters ith rther and gher lucation	We promote a full range of learning opportunities to all students to help them understand what is available to them. Our annual Apprenticeship and Careers Fair is open to all students and always well attended. A variety of training providers, further and higher education institutes also attend. Students have the opportunity tattend Apprenticeship roadshows as well as online virtual training advice events from external training providers, to support students in making informed choices.
		We offer a range of networking events in school, ranging from local and national employers, to training and education providers.
		The Marlborough Science Academy works closely with local providers, including Oaklands College, West Herts College and the University of Hertfordshire.
	ersonal uidance	All students from Years 7 to 13 have the opportunity to receive support through careers guidance interviews offered by an externally trained provider (Services for Young People). Students also receive guidance from their form tutor, Director of Learning and the senior leadership team.
		Students are actively encouraged whenever significant study or career choices are being made, such as Key Stage 4 Options and future pathways in Year 11 or Post 16

The Marlborough Science Academy Provider Access Policy Procedure:

A provider wishing to request access or attend any of our events should contact Ashley Skirving (Careers Administrator) via <u>a.skirving@marlborough.herts.sch.uk</u>. Please see our Provider Access Policy for further information regarding our programme to ensure we fulfil our statutory duties to provide six encounters with technical education or training providers.

Opportunities for access

A number of events integrated into the school careers programme will offer providers an opportunity to come into school to speak to students and/or their parents/carers. These will normally be during assemblies, careers presentations, Options Evenings for Years 8 as well as Post 16 Open Evening. We also host an annual Careers, Apprenticeship and Higher Education Fair.

Commitment

The Marlborough Science Academy is committed to providing a planned programme of careers education, information and guidance for all students in Years 7 to 13 in partnership with Service for Young People.

Development

This policy was developed and is reviewed annually through discussions with teaching staff, the school's personal advisers from Services for Young People, students, parents, governors, advisory staff and other external partners.

Links with other policies

The CEIAG programme is underpinned by the school's policies for teaching and learning, PSHCEE, Equality, Health and Safety and Special Educational Needs. The Careers programme is designed to meet the needs of all students at The Marlborough Science Academy. We are keen to engage with and provide opportunities to work with external careers bodies and local employers. CEIAG is compliant with the updated Provider Access Legislation. For further information see our Provider Access Policy. Our Employment Engagement statement outlines how local businesses may engage with and contact the school to further enhance the opportunities we provide to students.

Staffing

All staff are expected to contribute to the CEIAG programme through their roles as form tutors and subject teachers. The Careers Education curriculum is reviewed annually through the support of Services for Young People, the Carers and Enterprise Partnership and the Senior Leadership Team. The SfYP adviser provides specialist careers guidance. Careers information is available in the Careers section of the LRC.

Monitoring, review and evaluation

The programme is reviewed annually using the Hertfordshire quality standards for CEIAG to identify desirable improvements.

The Marlborough Careers Team:
