

30th October 2023

Dear Families,

Post 16 Presentation Evening Wednesday 29th November 2023

We are very pleased to invite you and your son or daughter to a presentation evening which will outline the extensive Post 16 provision we offer. In a changing educational landscape, which we appreciate can be confusing, we are aiming to provide you with as much information as possible to ensure you and your son(s)/daughter(s) are fully equipped to make the right choice at this important time in their lives. We are confident too that we are able to provide an interesting and meaningful pathway for all students whatever their passion or ability.

Working alongside STAGS, Loreto, Townsend, Nicholas Breakspear and Samuel Ryder in our consortium, *"The Alban Learning Partners"*, we are able to offer flexibility, expertise and choice. As one of the largest providers in this consortium we are able to offer a large number of courses, in addition to this we are able to enhance our provision through consortium subjects that we may not offer or where there may be a subject clash.

The presentation will start at 6.00pm in Da Vinci Hall and include information about the options available, a student perspective on life in the Sixth Form, the application process, and consortium issues and an outline of the pastoral support on to assist well-being.

Subject staff will be available on the evening to discuss course content and suitability of students for particular courses, current students will also be available to share their experiences with you; the evening will finish at 8.00pm.

We will provide you with the online Post 16 prospectus prior to this event and some copies will also be available for collection on the evening. The prospectus contains important information about the courses and the application process. Our Post 16 results have been consistently good with a strong value added over the years and we are proud to highlight that all our students go on to study at a wide range of universities or begin apprenticeships or employment. Our Post 16 provision was noted by Ofsted as being good with outstanding features.

We encourage all students to attend, and we know from previous Year 11 cohorts, how valuable they found this evening. We will be following this evening up with individual meetings with all of our students so we can give the best advice possible in helping them make the right decisions.

We look forward to seeing you on 29th November 2023.

Yours sincerely

Mr Atterton and Ms Redfern
Assistant Head Teachers
