

## How to Measure for School Blazer/Uniform

Here are some general points:

1. Before measuring your child, please ensure they are wearing thin clothes and are standing in bare feet.
2. Children are quite squashy! If you pull the tape-measure tight the dimensions will get smaller, but when the garment arrives it will be too tight. The tape measure should feel a little loose, and it should be possible to slip 2 fingers under the tape easily.
3. Our garments leave room for movement - they are sized "to fit" not "as the garment". The actual amount varies by garment, and fashion. Likewise, our recommendations will err on the larger size. We expect every garment to be wearable for a full year.
4. Please be aware of the units you are measuring in. We have lots of examples each year of customers mixing up inches and cm.

To help you out we have provided you with a guide below. If you need help with sizes, please look at the table below. Each child is individual and can differ from the guides below, especially if your child is a little bigger, taller or smaller than average.

BLAZER SIZING (APPROX)			
Chest Size (inches)	Chest Size (cm)	Size to Order	Cost £
28"	71cm	6	27.00
30"	76cm	8	27.00
32"	81cm	10	27.00
34"	86cm	12	27.00
36"	91cm	14	27.00
38"	96cm	16	34.00
40"	102cm	18	34.00
42"	107cm	20	34.00
44"	112cm	22	34.00
46"	117cm	24	34.00

### Blazer Sizing

All blazers are ordered using chest measurements, and to measure your child simply grab a tape measure and, ensuring that your child's arms are down by their side measure the chest at the fullest part placing the tape measure close up under their arms and keeping it level. Please ensure that the tape is not pulled too tight, you should be able to easily place a finger underneath.

# How to measure your child for other uniform items

## HEIGHT:

Measure from the ground right up to the top of their head. Just make sure shoes are off, feet are together flat on the ground and they're standing up straight for an accurate measurement.

## CHEST:

With their arms by their sides, place the tape measure under their armpits and measure the fullest part of the chest, including the shoulder blades. Remember to keep the tape level so you get a proper fit.

## WAIST

Making sure it's not too tight, measure their natural waistline – it's normally at the same level as their belly button.

## HIPS:

Measure around the fullest part of their hips, remembering to keep the tape level around their bottom.
